EXPERIENCE

Gartner, Stamford, CT — *Associate Software Developer*

March 2016 – Current

Worked as back end developer building REST API in Java and querying data in

Oracle via SQL. In addition, supporting front end team with HTML & CSS work,

javascript & react.js.

General Assembly, NYC — *Web Development Immersive*

September 2015 – December 2015

Coded for 12 weeks to learn two full stacks, leading to four web apps.

Stardock Entertainment, Plymouth MI — *Mod Team/Writer*

November 2014 - March 2015

Worked with a distributed remote game development team to translate content

into XML code, coordinate efforts and deliver early. Designed core game content.

EDUCATION

Florida State University, Tallahasse, FL — *B.A. English*

COMMUNITY

NYC Bootcampers Anonymous, NYC, *Founder & Organizer*

January 2016 - Current

Conceived & founded a meetup event for interview preparation & skill education

for new software developers. Ran meeting, designed educational curriculum, gave

technology demonstrations, planned & executed events.
